

**Roger A Brown**  
**Postal Affairs Director**  
**Mail Automation Inc.**

Roger Brown is a skilled professional with experience in financial services, postal operations, and strategic sourcing. He has progressed into roles focused on business process improvement and project management. Known for strong team leadership, clear communication, and effective problem-solving, Roger excels at building relationships across marketing, legal, and print/mail functions. He has also served as a featured speaker at national industry events, presenting postal and project updates to both frontline staff and executive leadership.

Throughout his career, Roger has led cross-functional project teams to implement advanced production processes and reporting systems, resulting in enhanced operational efficiency, reduced financial losses, and improved customer satisfaction. He is recognized for cultivating collaborative work environments, mentoring junior employees, and delivering innovative solutions within the finance and postal industries. In addition, Roger actively supports local charities by organizing effective fundraising initiatives outside of his professional responsibilities.

Roger currently holds the role of Postal Affairs Director at Mail Automation Incorporated where he provides his expertise to the sales management team and continuously updates the organization on the latest developments within the USPS and the print/mail industry.
